

Letter of Recommendation

Monday 2nd November 2009

AUDEV BV
Amnesty Internationalweg 7
3318 AZ DORDRECHT
The Netherlands

To Whom It May Concern:

Audev BV is a company developing software aimed to satisfy a complex branch of the automotive industry all over the world. To ensure this, Audev uses developers have their roots in both automation and the automotive sector.

We have worked with Call Center Services for implementing our customized software solution CarIT DMS/CRM in Romanian automotive industry. Our partner proved professionalism, commitment, capability to meet all dead lines, availability and exceptional technical and soft skills.

We would like to recommend Call Center Services as a reliable partner that will guarantee the highest quality standards for provided services.

Sincerely yours,

Wimco Driesse
Operation Manager AUDEV BV
